“Creating and managing new financial opportunities for Professionals and Business Owners is more critical than ever before. Protecting privacy and assets, and reducing your tax obligations through business structures and international strategies can lead to substantial asset accumulation and the wealth you are entitled to.”

— **Bill Faiferlick**

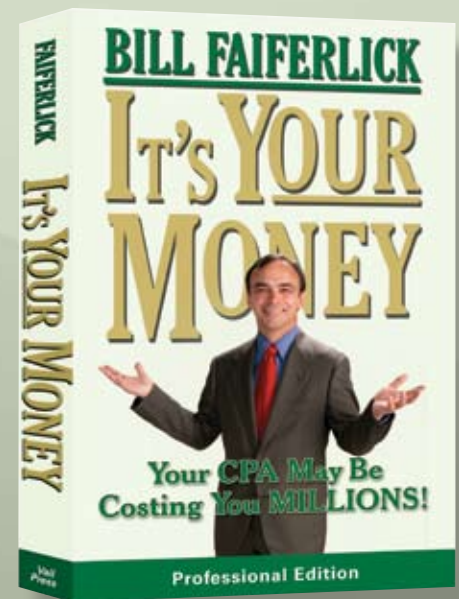

Bill Faiferlick

Through his extensive educational offerings, Bill Faiferlick has enhanced the skills of literally thousands of financial advisors in the United States and abroad. Possessing unparalleled expertise in important areas of domestic and international money matters, this renowned consultant has earned consistent praise from both his professional colleagues and his personal clients.

Featured alongside Warren Buffett on the cover of a recent issue of *Financial Playbook*, his article *The Booming Federal Deficit – Should We Be Concerned? What Does It Mean To You?* was highlighted. The professional edition of his book ***IT'S YOUR MONEY*** is to be released nationwide in the near future. He is also the author of the special reports ***Preparing for Retirement*** and ***An Explanation of Executive Deferred Compensation and the Tax Ramifications to Both the Company and its Executives*** currently available for distribution.

On the radio, Bill Faiferlick has hosted weekly broadcasts for attorneys and financial advisors as well as being a popular guest on other programs.

Bill's speaking engagements include presentations sponsored by the private banking division of First Interstate Bank in Seattle, the Pacific Life Insurance Company in Los Angeles, attorneys and representatives for the Massachusetts Mutual Life Insurance Company in Denver, the Estate Planning Evening Institute in Miami, and the Automobile Dealers Association for the State of Washington.

To my delight, my CPA was quick to agree that Bill Faiferlick's plan would be the most viable means to build a healthy retirement account as well as substantially reduce my tax obligations.

Bill Faiferlick's knowledge and expertise in this arena is, in my opinion, invaluable!

It's not how much you make, It's how much you keep that counts!

This has never been truer than in today's global environment and increasingly competitive society. With personal and corporate combined tax rates reaching 40-50% and Congress' insatiable appetite for spending, we must look after ourselves and understand what opportunities are available to secure and enhance our lives. Individuals are seeking legal, long-term financial solutions that accelerate substantial wealth accumulation both domestically and internationally.

Arrange a Call

Meeting

Arrange a meeting at a time and place which would be conducive for confidential, open discussions. International planning discussions normally take place outside of the U.S.

Preventing Litigation

You don't have to expose your assets or business to unnecessary litigation. Often there are straightforward but relatively unknown strategies to prevent this.

Facts Are Facts

Wealthy or high-income earners are increasingly on the radar screen for attorneys representing plaintiffs. Many law firms routinely investigate the net worth of potential defendants before initiating litigation. If you have assets you want to protect, learn new strategies to assure you've taken the necessary steps to protect you and your assets. What is it that our grandparents used to say, "An ounce of prevention is worth..."
